# How to Bookmark Content

TU online has the ability to bookmark content

1. Click on the module area:

2. Click on a section of the content.

3. Navigate to the Bookmark icon and click the icon. The icon will then fill which denotes it is bookmarked. An onscreen message will also state the content is bookmarked.

4. To retrieve bookmarked content, on the main module menu, scroll down to content browser and click the Bookmarks icon

5. The menu will now change to show you a list of bookmarked content.
